

**360**

**CHROMOLY**

*A double-butted chromoly dedicated racing machine with indexed shifting, and hard coated componentry designed to do 360's around the competition.*

*Dia Compe A-5000 short-reach brakes with aero levers for positive, controlled stopping power.*

*Suntour Accushift indexing gives you precise control of 12-speed gearing with just the flick of a finger.*

*A tight-wheelbase, short chainstay frame geometry built with True Temper RC-1 chromoly for powering away from the competition.*

*Available in yellow with blue decals and deep blue with white decals.*
